Territorial Sports Program understands this, and the School District is grateful for their commitment to our local kids."

- Gary Carpenter, Fern Ridge School District Superintendent

"It is hard to put into words what fabulous things a program like Territorial Sports Program does for kids, families, and the entire community. TSP provides a safe atmosphere for kids to do something that is healthy and active. They learn more than athletic skills. They learn skills like teamwork, leadership, perseverance, empathy, commitment, and time management that can and will be used in different parts of their lives. Thanks, TSP, for putting kids first!"

## BENEFITS OF TSP SPONSORSHIP:

Volunteer groups and nonprofit organizations do so much to help the communities that all of us are a part of, but they can't do it alone.

Small communities are a tight-knit group and community members love to support the businesses that make the commitment to support their kids.

In addition, TSP would recognize your business via social media platforms to TSP followers. And your business logo would be prominently featured in and around TSP sports venues (Bolton Hill Sports Complex, Elmira Elementary School, and Fern Ridge Middle School).

Studies have shown that youth who participate in youth sports exceed academically in school, learn the value of team work, and have a greater respect of their community. An investment now, is an investment in our community for years to come.

By becoming a sponsor of TSP, you will not only help provide sports to our local youth athletes, your business can proudly associate with the community-minded goals and benefits of youth sports while making your company visible to nearly 1,000 families in Fern Ridge and surrounding area.
